GLOBAL CITIZENSHIP PROGRAM
SUPPLIER CODE OF CONDUCT**

Introduction

At Fortune Brands Innovations, Inc., including our subsidiaries (the “Company”, “Fortune Brands” or “FBIN”), we know that strong corporate values support our vision of being the foremost global consumer home products company that helps people feel secure while fulfilling their dreams as homeowners. These values of treating everyone with dignity and respect, executing our mission with honest and ethical operations and emphasizing teamwork with accountability are vital to the success of each of our subsidiaries and the corporation as a whole. Our corporate success is dependent on our relationship with our co-workers, our reputation and integrity with suppliers and investors, and respect for each community in which we work and live.

Our suppliers also play an important role in supporting the Company’s vision and goals.¹ As a result, while they are independent businesses, we expect them to share similar operating philosophies and values. To that end, we have developed this Supplier Code of Conduct, (the “Code”) which aligns with our overall Global Citizenship Program, to clearly communicate our expectations of our suppliers in the work they perform and the services they provide to the Company. By requiring our suppliers to comply with the Code, we demonstrate our leadership within the business community. Further, we enhance the reputation of our brands, improve our ability to attract and retain the best talent, and strengthen the relationships with our suppliers. Should any supplier feel that this policy is not being supported, they should report concerns through the Company’s helpline at 855-212-7613 or website at www.FBINcompliance.com.
